

How are politicians denying climate change?

James Inhofe
US Senator - OK

this 97% [of climate scientists accepting human-caused global warming, that doesn't mean anything. I named literally thousands of scientists on the floor... and these were top people.

Ted Cruz
US Senator - TX

The last 15 years, there has been no recorded warming. Contrary to all the theories that they are expounding, there should have been warming over the last 15 years. It hasn't happened.

Rick Perry
Secretary of Energy

Al Gore is a prophet all right, a false prophet of a secular carbon cult

Donald Trump
President

The concept of global warming was created by and for the Chinese in order to make U.S. manufacturing non-competitive
